[The Rogue Aviator](#) Ace Abbott 2009-07-01 This improbable aviation adventure will take you on a thirty-six year journey from five-star hotels to back alleys and greasy cargo ramps. Join the author, Ace Abbott, on a roller coaster ride of an aviation career, as he transitions from hobnobbing with international icons, like Jimmy Buffett, to bartering in order to get some critical jet fuel. The author's primary source of motivation in writing his story is the desire to share a wonderful adventure with pilots of all backgrounds who have had similar careers and to inform aspiring pilots of the unique nuances of an aviation career. Twenty-five employers later, you will get to ride on Ace's final flight in a 727 while you gain insight into the potential catastrophe of a pilot's brief but potentially fatal inattention. This aviation exposé will introduce the reader to aspects of aviation never before seen from the previously unexplored dark side of commercial aviation. The secondary theme of this book is very relevant to the current front and center news topic of aviation safety. Included in *The Rogue Aviator* is an insider's look at commercial aviation and the FAA. With today's focus on aviation safety and the role of the FAA to insure our safety in the air, the author addresses his thoughts on these vital areas.

[Olympic Airways](#) Graham M. Simons 2019-07-30 The Olympic Airways story has fascinated Graham M. Simons for many years. This new book represents the culmination of decades spent researching the history of this fascinating Greek airline. It is a story of evolution, conflict, personality and politics, all set against a backdrop of world and civil wars, coups and counter-coups. During the course of his research, it became apparent to the author that many of the fine details pertaining to the company weren't widely known, although almost everyone had heard of the towering, controversial, leading figurehead who oversaw much of the central part of the story: Aristotle Socrates Onassis. His colorful life is threaded through this history, lending it drama and multiple levels of intrigue. The airline's story cannot be told in isolation. Olympic did not spring fully formed into being in 1957. The named company may have come into being then, but its roots were set much further back in history through a number of predecessor airlines - both national and international - who had been using the Hellenic Republic and Athina as the crossroads of the air for the Eastern Mediterranean since the dawn of aviation. This is the story of the birth and dramatic life of an airline with a chequered, controversial and complicated history. Graham M. Simons has skillfully woven all the various threads to create a powerful and important historic record.

[The Journey of a Band of Villanova Brothers](#) Raymond W Kane 2022-02-24 Long-lasting friendships are rare, but they do happen. In 1962, sixteen young men, strangers all, chose to enroll as freshmen at Villanova University located in the suburbs of Philadelphia, PA. They met at different times and in different ways over their college years, but The Journey of a Band of Villanova Brothers had begun. A remarkable, almost mystical bond ignited and grew among these men even after graduation when they started their life journeys, and all went their separate ways. Grounded in the principles of truth, unity, and love that they learned at Villanova, this bond has lasted for fifty-five years. The Journey of a Band of Villanova Brothers explores the essence of that bond which in some ways is more vital than ever and uncovers the meaning of true friendship.
