Final Girls, Feminism and Popular Culture Katarzyna Paszkiewicz 2020-05-05 This volume examines contemporary reformulations of the 'Final Girl' in film, TV, literature and comic, expanding the discussion of the trope beyond the slasher subgenre. Focusing specifically on popular texts that emerged in the 21st century, the volume asks: What is the sociocultural context that facilitated the remarkable proliferation of the Final Girl? What kinds of stories are told in these narratives and can they help us make sense of feminism? What are the roles of literature and media in the reconsiderations of Carol J. Clover's term of thirty years ago and how does this term continue to inform our understanding of popular culture? The contributors to this collection take up these concerns from diverse perspectives and with different answers, notably spanning theories of posthumanism, gender, sexuality and race, as well as audience reception and spectatorship.

The Civil Contract of Photography Ariella Azoulay 2021-09-14 In this groundbreaking work, Ariella Azoulay thoroughly revises our understanding of the ethical status of photography. It must, she insists, be understood in its inseparability from the many catastrophes of recent history. She argues that photography is a particular set of relations between individuals and the powers that govern them and, at the same time, a form of relations among equals that constrains that power. Anyone, even a stateless person, who addresses others through photographs or occupies the position of a photograph's addressee, is or can become a member of the citizenry of photography. The crucial arguments of the book concern groups that have been rendered invisible by their state of exception: the Palestinian noncitizens of Israel and women in Western societies. A leading question is: Under what legal, political, or cultural conditions does it become possible to see and show disaster that befalls those without citizenship in a state of exception? The Civil Contract of Photography is an essential work for anyone seeking to understand the disasters of our history and the consequences of how they and their victims are represented.
